## CCIMREDEX.com (Real Estate Data Exchange) & STDBonline.com Update Presentation

**Tulsa, OK.,  
8:30 a.m. – 4:30 p.m.**

**Thursday, July 8, 2010  
Registration begins at 8:00AM**

Todd Kuhlmann, CCIM, Director of CCIMREDEX, will present an overview of this new dynamic and cutting edge property data exchange. CCIMREDEX.com is a neutral web-based repository of commercial property data which was recently launched by CCIMTECH, a wholly owned subsidiary of the CCIM Institute. Todd Kuhlmann, CCIM will also present an update of STDBonline.com. An application for six (6) hours of Elective CE credit has been submitted to OREC.

**Who is it for?** ... CCIMREDEX & SDBonline.com is a benefit to the members of the CCIM Institute. However, this presentation is open to the public and Non-members are welcome to register and learn why they should consider joining the CCIM Institute for access to these powerful on line tools.

**What can it do for you?**

**Single Data Entry:** Get the word out with one click, resulting in more exposure for your property in less time! CCIMREDEX allows you to enter property data once and automatically submit your property data to a variety of listing services providing immediate local, national and global exposure.

**Research, analyze and market your property all at once!** CCIMREDEX has the capacity to fully integrate with the industry's top marketing, analytical and financial products. Once entered, you can exchange the data with participating third party applications, eliminating the need to enter the property information more than once.

**Within CCIMREDEX you can:**

- Complete a financial analysis, (using REIwise.com)
- Obtain demographics, maps and aerials (using STDBonline.com)
- Create, print and email property flyers (using ccimredex.com)
- Create and mail brochures, postcards and other print material (using ccimredex.com)
- Within CCIMREDEX you can also create a dynamic website for your clients to access your property information  
Create, update and delete, search, map, and report on properties in the database

Note: the seminar will be a presentation rather than a "hands on" computer training course. However this quality program will also be conducted in a new auditorium style classroom (room 145 in the OU-Tulsa Learning Center) equipped with Wi-Fi and receptacles for portable notebook computer power supplies. Accordingly students are welcome to bring their own notebook computers to follow the presentation.
